

Date: 9.10.17	Agenda:	Discussion and Decisions:
<p>Councillors present <u>Year 3</u> Henry, Katie, Sofia and Charlie <u>Year 4</u> Albert, Samuel, Livvy and Lucy <u>Year 5</u> Frank, Lily, Nicole (Alfie absent) <u>Year 6</u> Brennan, Caden Minutes taken by: Miss Slade</p>	<p>Areas for discussion brought from classes</p>	<p>Lime – Hula-hoops for the playtime shed – they have all been broken – please can we have some new ones? Birch – Edward would like an origami club after school. This could be suggested to Art club as something to start with. We don't currently have an art club but the children would like one to start. Beech – people keep suggesting lockers in the cloakroom as our stuff keeps falling off of the pegs! There was a suggestion of a swimming pool however we have discussed that we don't mind using Mill Rythe's as it is so local. Alder – Children have been asking for separate tables in the classroom. Frank thinks this could work well for tests however Brennan thinks that it would be harder to get help if you are working on your own. Lily thinks it would be a positive for her class as it would stop the chatting! Some children should have their own separate tables?</p> <p>Miss Slade has reminded the SLC to check with their class weekly whether there is anything they would like to add to the poster in the classroom. They should ask for post it notes from their teachers to add suggestions and these should be brought along to meetings.</p>
	<p>UK Parliament Week (w.b. 13th Nov)</p>	<p>Assembly at the beginning of the week: All school councillors would like to be involved in this assembly. Miss Slade will put together something that we can rehearse together in the next SLC meeting.</p> <p>Posters – next meeting we will create some posters for the week to advertise it and raise awareness.</p>
