

Who Let The Dads Out?

Thank you to all the Dads who were able to join us for a fun morning with their boys. We were pleased the weather stayed clear so you could enjoy playing a variety of sports outside and some relaxing reading. The bacon sandwiches also seemed to go down well along with the extra entertainment provided by setting the smoke alarms off and a visit from the fire brigade! We will be running a similar event for the girls later in the year.

Javelin throwing was cool!

I really enjoyed the bench ball game against the Dads even though they beat us twice.

It is fun to enjoy playing sports competitively – wanting to win, but it is just as important to work with others in a team and support each other.
